SUMMARY

Results-oriented professional with experience in **Strategic Partnerships, Business Communication**, and **Data-Driven Decision Making**. Proven ability to build trusted relationships with stakeholders and translate complex data into actionable business solutions that drive growth. Adept at managing multiple projects, optimizing operational ROI, and leading cross-functional teams. Seeking to leverage analytical expertise and sales passion to maximize **customer success** and deliver incremental outcomes as an **Account Manager at Google**.

PROFESSIONAL EXPERIENCE

Business Development & Strategy Specialist

10 / 2025 – Present

PDF4me

- Spearheaded **B2B marketing strategies** and managed **business relationships**, actively uncovering customer needs to drive product adoption and brand visibility for PDF services.
- Translated complex business requirements into actionable deliverables **across 3 strategic sprints**, **collaborating** closely with a cross-functional team of **8+ members** to ensure client success.
- Optimized internal processing pipelines, **increasing system uptime from 92% to 98.5%** to guarantee seamless service delivery and improve the end-customer experience.
- **Managed multiple work streams** simultaneously, authoring documentation for **15,000+ lines of code** while optimizing production pipelines to **boost speed by 20%**.
- Maintained a relentless focus on product quality, **conducting 50+ reviews** to ensure deliverables met strict standards before client deployment.

Business Analyst (Supply Chain Strategy)

05 / 2025 - 07 / 2025

Tata Motors

- Acted as a trusted internal advisor, delivering **10+ executive-level presentations** that translated complex data insights into **actionable strategic recommendations** for operational growth.
- Conducted deep-dive **root cause analysis** on **50K+ records** to uncover operational bottlenecks, recommending tailored solutions that successfully improved On-Time In-Full (OTIF) **delivery metrics by 2%**.
- **Developed iterative performance dashboards** with continuous stakeholder feedback loops, **increasing** user adoption by **15%** and driving cross-departmental efficiency.

Campus Ambassador (Strategic Partner)

10 / 2024 - 06 / 2025

Cisco

- Acted as the primary owner of the Cisco brand on campus, driving brand awareness and executing strategic outreach campaigns that **engaged 1,000+ students**.
- Successfully pitched and **converted 100+ prospects for Cisco programs** through targeted social media marketing and direct relationship building, demonstrating strong sales pitching skills.
- **Built and maintained** trusted **relationships** with university administration and student organizations to secure resources, permissions, and **long-term strategic partnerships**.

KEY PROJECTS

Research.AI Insight Tool (Full stack, NLP)

- Developed an end-to-end AI research assistant processing **1000+ academic papers**, integrating LLM-based summarization, and text-to-speech synthesis to generate audio summaries in under 30 seconds
- Architected scalable backend with modular design pattern supporting multiple LLM providers (OpenAI, HuggingFace), and RESTful APIs, deployed with modern React frontend featuring real-time audio playback

E Commerce Platform Web App & Analytics

- Developed end-to-end eco-friendly marketplace leveraging MERN stack (MongoDB, Express.js, React, Node.js), implementing responsive frontend with **95%+ mobile compatibility** and scalable backend architecture supporting sustainable commerce operations
- Designed and **implemented a database schema** in MongoDB for **flexible product categorization**, user profiles, and **order management**, integrated with Express.js RESTful APIs for secure data transactions and inventory tracking

YouTube Channel Analytics & Performance Insights Dashboard

- Developed end-to-end YouTube analytics pipeline using Python and YouTube Data API v3 to extract, process, and visualize **10K+ video metrics**, including views, engagement rates, and subscriber growth trends
- Built an **interactive Power BI/Tableau dashboard** with statistical analysis and trend forecasting to identify content performance patterns and provide **data-driven recommendations** for channel optimization

CERTIFICATIONS

- Google Data Analytics Professional Certificate - **Google, 08/2025**
- Google Data Analytics Certification - **Google, 01/2026**
- Microsoft Azure Fundamentals Badge - **Microsoft, 01/2026**
- Master Microsoft Excel, **09/2025**
- CAPM (PMI) - **PMI (In progress)**

VOLUNTEERING

VICE PRESIDENT (OPERATIONS & STRATEGY) | CENTRE FOR COGNITIVE ACTIVITIES (CCA), NIT DURGAPUR

05 / 2025 - Present

- Led operations and strategy for **50+ volunteers** and **organizers** across multiple events with a cumulative **footfall of 30,000+**
- **Managed** event **budgets of approximately ₹5-10L** and negotiated vendor contracts to optimize cost and delivery
- Planned logistics and resource allocation to meet tight timelines while maintaining event quality
